If you click on Case Search, you will have several methods to search for a particular case. You can enter the Court of Appeals of Georgia case number. You can enter the lower court case number or a portion of it and the County name or you can enter a portion of the style of the case such as one of the parties' names. Then click **Search**. The Court will continue to add more documents to this list as it gains more experience with the e-filing system. Remember you must obtain permission to file a supplemental brief by motion prior to filing the brief. **Also, please note the court will issue orders on the requests to argue and motions listed above to you through the EFAST system if you are a registered e-filer. You will no longer be sent a paper copy of the order by U.S. Postal mail. Therefore, it is very important that your e-mail address is kept current and that your computer system accepts e-mails from EFast.**

After choosing the document your are filing, click the **Next** Button. You will see a select party button. If you are already identified as the Appellant or Appellee, you will not need to enter information here, but will see your party identification. Click **Next** . You will be asked to select a document to upload. Select your .pdf file and click **Upload**.

All documents to be e-filed must be in a portable document format. It is preferred that you upload a “.pdf for editing” file so the text will be searchable rather than scan your document to a .pdf file. Your document should not contain embedded files, scripts, tracking tags and/or executable files. All e-filed documents should be formatted in terms of margins, page numbering and font size in accordance with the applicable rules of the Court of Appeals.

All e-filings should include a conformed signature of the counsel filing the document. Conformed signature means that counsel’s name is typed, preceded by “/s/”and underlined. Counsel’s typed name must also appear below the underline. If there are signatures of other attorneys on the document, use of the filing attorney’s login and password and the conformed signatures of the others will be presumed to mean that the filing attorney has the agreement of the other signatories to what is filed.

You will be given a message when the upload has been successful. Then Click **Next**. If you do not owe a filing fee or need to file evidence of indigency, you will see a screen which shows summary case details and shows that your filing has been attached to the case. You can click to view your document on that screen. From this screen, you can submit another e-filing or click **Home** to return to the initial e-filing screen. You will also receive an email indicating your submission has been received.

The Clerk's office will process your filing as soon as possible (at least before the end of the next business day). You will receive a confirmation email once your filing has been accepted by the Court. If your filing is not accepted, you will receive a rejection email which will indicate the reason for the rejection. You may resubmit your document once the correction has been made.

If you selected an appellant's brief to e-file, you will need to either pay the filing fee by credit card or submit evidence of indigency (which may be a pauper's affidavit or appointment of a public defender) before your brief will be successfully submitted to the Court. If either the filing fee has been paid before you submit your appellant's brief or the record contained evidence of indigency, you will not be directed to the payment screen.

If you are submitting evidence of indigency, click the block that states, "**I will submit a pauper's affidavit.**" You will then see a message that the submission of your brief has been successful. Please remember to then submit your pauper's affidavit or appointment of public defender, otherwise your document will not be accepted as a filing. Your affidavit of indigency should be a scanned document so that we will have the notary's signature and seal. At this point you can submit another document or return to home or just close your browser.

If you are paying a filing fee, complete the billing and credit card information requested. You should check that the display of your name, email address and the billing address is correct. If it is not, please make the appropriate changes in the blocks provided by clicking that block and retyping the correct information. Next select the correct credit card type which must be VISA, MasterCard or Discover. Enter the Card #, Verification #, Expiration Month, and Expiration Year. Click **Submit**. You will receive a confirmation that your payment has been processed. Click **Continue**. You will then receive a confirmation that your brief has been successfully submitted. Click **Return** or close your browser.

If after submission of a filing, the Court does not accept your e-filing, you will receive an email with the document attached and a reason for the rejection. You can then correct your document and resubmit it to the Court.

Documents electronically filed are public documents and once filed are available for review. Counsel is responsible for protecting any confidential information protected by law, court rule or court order. Sealed documents should not be e-filed and will not be available for view on the EFAST system.
