PRELIMINARY DESCRIPTIVE INVENTORY

Agency: Judicial Department

Record Group 56

Sub-group: Court of Appeals

Sub-group No. 2

Series: Case Records

Series No. 2

Description of series and its contents:

This series consists of (1) the notice of appeal filled by the lower court when a motion to appeal has been filed by a party to a lower court suit, (2) a record of enumeration of errors filed by the appellant, (3) the transcript of the testimony in the lower court, (4) briefs submitted by the appellant and the appellee and sometimes by an amicus curiae (or friend of the court), and (5) the record copy of the decision of the Court of Appeals. The decision of the Court is also published in Georgia Appeals Reports. The cases are filed by case number. The office of the Clerk of the Court of Appeals maintains an index to cases arranged by the names of the appellant and of the appellee. Please see Series 5, General Docket Books, for these indexes. The Georgia Appeals Reports indexes also can be used to determine the case number. Please see also Series 4, Evidence Files, for additional case information.

PRELIMINARY DESCRIPTIVE INVENTORY

Agency: Judicial Department

Record Group 56

Sub-group: Court of Appeals

Sub-group No. 2

Series: Case Records

Series No. 2

Description of series and its contents:

This series consists of (1) the notice of appeal filled by the lower court when a motion to appeal has been filed by a party to a lower court suit, (2) a record of enumeration of errors filed by the appellant, (3) the transcript of the testimony in the lower court, (4) briefs submitted by the appellant and the appellee and sometimes by an amicus curiae (or friend of the court), and (5) the record copy of the decision of the Court of Appeals. The decision of the Court is also published in Georgia Appeals Reports. The cases are filed by case number. The office of the Clerk of the Court of Appeals maintains an index to cases arranged by the names of the appellant and of the appellee. Please see Series 5, General Docket Books, for these indexes. The Georgia Appeals Reports indexes also can be used to determine the case number. Please see also Series 4, Evidence Files, for additional case information.

How to Find a Court of Appeals Case. (CLICK TO ACCESS)

==

All published opinions from the Court of Appeals are found in the Georgia Reports. ?? These are accessible from online sources such as LexisNexis and Westlaw. They are also accessible at schools, libraries, and Government offices that have a public law library.

Published opinions, unpublished opinions, and myriad court documents are also available from our Court. There is a \$1.50 charge per page. Older case are stored at the Georgia Department of Archives and History.

Note that the Court does not maintain the lower-court record that was the basis of the appeal. Note that our Court only receives a copy of the lower-court record. The original is maintained by the Clerk of the lower court. Once the Court of Appeals decides a case, the record is maintained for a period of time after the decision is rendered - typically a year - and it is then normally recycled/disposed of. The Court typically maintains the opinion, docketing notice, briefs, and some motions.
